In this case, you will have to make different partial payments. You will have to type the amount of each partial payment in the relative field (“importo versamento”).
- **Deferred payment:** you must generate a MAV (Modulo Avviso Pagamento / electronic deposit slip). You can pay your MAV at any bank counter or through the online banking service of your bank. The payment is automatically recorded within 24-48 hours of the date of payment. For any other operation requiring a simultaneous payment (for instance, first enrolment/enrolment for a new academic year, Final Examination registration) you must declare the date of payment: log in to the enrolment/registration procedure again and click the Register MAV button. Please note that if you pay your MAV after 5.00 p.m., the bank might not record your payment on the same day (you must verify with your bank their recording schedule): in this case Politecnico will apply late penalties fees.

Article 20. Failure to pay or late payment of tuition fees – hold on your academic progress

1. If you do not pay your tuition fees by the deadline for second instalment, or if you pay less than the amount due, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, etc.). The hold will be removed upon full payment of your outstanding debts. If you are placed on a hold, all your exam registrations are cancelled and you cannot register for any exam until your payment has been recorded.
2. The fee charged for removing the hold is € 10, if you pay within the first 15 days of the deadline; this fee will not be charged if your second instalment is lower than 20€. If the payment takes place after the 15th day, you will be charged an additional cost (10% of your debt).
3. The fee charged for removing the hold must be paid by 31st May 2024 (or before the registration deadline for the Final Examination, if this is earlier).
4. If you are placed on a hold, you will receive an e-mail into your PoliTo mailbox (s<matricola>@studenti.polito.it).
5. You will have to pay your outstanding debts even if you incur in automatic forfeiture (i.e., if you are considered to have forfeited and cannot continue your studies in the same academic path).

Article 21. Failure to pay or late payment of other debts –hold on your academic progress

1. All outstanding debts in your virtual account (for example: costs for a replacement smart card, IELTS registration fee...) must be settled by 31st May 2024 (or before the registration deadline for the Final Examination, if this is earlier). If you do not pay your outstanding debts, a hold will be placed on your academic progress and you will not be able to perform any further operations (exams, withdrawal from studies, etc.). The hold will be removed upon full payment of your outstanding debts. If you are placed on a hold, all your exam registrations are cancelled and you cannot register for an exam until your payment has been recorded.

2. If you are placed on a hold, you will receive an e-mail into your PoliTo mailbox (s<matricola>@studenti.polito.it).
3. You will have to pay your outstanding debts even if you incur in automatic forfeiture (i.e., if you are considered to have forfeited and cannot continue your studies in the same academic path).

Article 22. Students' virtual account

1. When you enrol at Politecnico, you establish a system of economic relations similar to a bank account with Politecnico. This economic relation system is called "student's virtual account". This means that when you pay something to Politecnico (i.e., when you pay the second instalment of your tuition fees, when you ask for a replacement smart card ...), you owe money to Politecnico; on the other hand, under other circumstances you can become a creditor of Politecnico (i.e., if you obtain tuition fee reimbursement for academic merit).
2. All debits and credits, as well as money transfers, are recorded into your virtual account. You can check it by logging in to your personal page of the Teaching Portal – *Segreteria on-line/Online services – Tuition fees and payments – Pay your tuition fees*.
3. Any money you transfer to your virtual account automatically first settles your outstanding debts. For instance, if you intend to pay the second instalment of your tuition fees and you transfer the corresponding amount of money into your student's virtual account but your account has a negative balance due to other outstanding debts with previous deadlines, the money you transferred will settle these previous debts or part of these debts. This means that the second instalment of your tuition fees remains partially or totally unpaid. When the deadline for the second instalment expires, a hold will be placed on your-academic progress and you will be charged a late penalty fee in accordance with Article 20.

Article 23. How to claim a refund

1. If your virtual account has a credit balance, you can claim a refund following the online procedure available on your personal page of the Teaching Portal – *Segreteria online – Tuition fees and payments – Pay your tuition fees*. In any case, at the end of every academic year, Politecnico will refund all students who have graduated during the year and who are not continuing their studies at Politecnico, if their virtual account has a credit balance.
2. You can receive refunds from Politecnico only if you have chosen a payment method by entering this information on your personal page of the Teaching Portal – *Segreteria online – Tuition fees and payments*.
3. The options for reimbursement are the following:
 - a) Bank or Bancoposta transfer: you must be the holder or co-holder of a bank account and you must indicate its IBAN code in order to receive the refund. This is the preferable method, as it guarantees you to receive your credit quickly.
 - b) Cash: as soon as money is available, you will receive an e-mail in your PoliTo mailbox with the instructions for collecting your refund. You must go to a UniCredit bank counter with your identity card and your fiscal code in order to get your money.
4. If your credit is € 1,000.00 or greater, money can be refunded by bank transfer only, in accordance with Article 12 of Decree-Law No. 201 of 6th December 2011.
5. If you do not enter your bank details correctly or if you do not withdraw your cash by the deadline, a new refund is not automatic and you need to make a new refund request.

1. If you intend to resume your studies after one or more years of interruption, you will have to settle possible outstanding debts deriving from your last year of enrolment, plus a fixed fee (€ 100.00) for every year in which you have not been enrolled at Politecnico.
2. If you do not complete your enrolment for the new academic year within June 31, 2024, you will have to pay an administrative fee of € 100.00 and the years of interruption will not be recognized.
3. If you also need to get the evaluation of your previous academic records, you have to pay € 150.00. This amount will be deducted from your tuition fees if you enrol at Politecnico; otherwise, if you eventually decide not to enrol at Politecnico, it will not be refunded.

Article 30. Suspension and resumption of studies

1. If you intend to request the suspension of your studies, you must have paid the Tuition fees due for the last year of enrolment.
2. In the only cases of maternity/paternity, protracted hospitalisation or serious illness, it is possible to request the suspension of studies for the current academic year: if you have enrolled for a.y. 2023/2024 and request the suspension of your studies by 29 March 2024, you do not owe the payment of the second instalment for a.y. 2023/2024.

Article 31. Internal transfer – charge for unfinished procedure

1. If you apply for an internal transfer but you do not eventually confirm it, you will be charged a fee for the evaluation of your previous academic records (€ 50.00).

Article 32. Evaluation of previous academic records for admission to a Master's degree programme – charge for unfinished procedure

1. If you are transferring from another university and you intend to enrol in a Master's degree programme at Politecnico di Torino, you have to pay € 100.00 for the evaluation of your previous academic records. If you are admitted to Politecnico and you confirm your enrolment, this amount will be deducted from your tuition fees; otherwise, it will not be refunded.
2. Students with Ukrainian citizenship and a residence permit for temporary protection in Italy are exempted from the payment of the above-mentioned amount.
3. The payment of the above-mentioned amount is not required for students from the Università degli studi di Torino who apply for admission to the Master's degree course in Digital Skills for Sustainable Societal Transition (LM-91).

Article 33. Tuition fee reduction based on academic merit

1. If you are enrolled in a Bachelor's or in a Master's degree programme and you have a high academic performance (measured with the score described below), you class as high-achieving student. In this case, you can get a tuition fee reduction of € 200.00 as follows:
 - I. A reduction of the comprehensive fee due amount based on your final contribution level (but you will still have to pay the extra-Poli fees: revenue stamp, regional tax and insurance).
 - II. A scholarship, if you are exempted from paying the comprehensive fee, or if your comprehensive fee due amount is lower than € 200,00. Detailed information about the payment of your scholarship is available in the section Online Services – Tuition fees and payments – Pay your Tuition fees (Segreteria online – Tasse e Pagamenti – Pagamento Tasse)
2. If the first instalment of your tuition fees is reduced down to zero due to this merit-based reduction, you still have to pay the € 16.00 revenue stamp upon enrolment.
3. In order to calculate your merit score, Politecnico takes into account the exams you passed from 10th August 2023 to 10th August 2024. Exams taken during a closed university path, although already recognized by Politecnico (e.g., credit transfer exams) are not taken into consideration for this calculation.

4. The score is calculated as follows: a) multiply the number of credits of every exam passed at Politecnico in the above-mentioned period by its grade (please consider that pass-or-fail exams are assigned the weighted average grade of the other exams); b) add the results of these products.
5. In order to obtain a merit-based reduction, you need to get at least 1210 points if you are a first-year student in a.y. 2023/2024 or at least 1455 points if you are a continuing student (enrolled in year two or beyond).
6. You are entitled to obtain a merit-based reduction if you reached the above-mentioned score in a.y. 2022/2023, provided that you are enrolled at Politecnico as a full-time student for a.y. 2023/2024. If you were a third year Bachelor's student in a.y. 2022/2023, you can get this merit-based reduction for a.y. 2023/2024 only if you enrol in a Master's degree programme during a.y. 2023/2024. In this case can get this reduction after enrolling in your Master's degree programme.
7. Any exams passed in order to make up for unfulfilled academic requirements do not count towards this score.
8. This procedure (calculation of your merit score and refund on your virtual account or scholarship payment) is automatic. The calculation of your reduction is based on your final contribution level or, if this is still unavailable, on your provisional contribution level. When your final contribution level becomes available, possible adjustments are applied to the second instalment of your tuition fees, after 15th March 2024.
9. You can get a merit-based tuition fee reduction for no more than three times if you are enrolled in a Bachelor's degree programme (the third reduction is possible only if you have already enrolled in a Master's degree programme). Merit-based tuition fee reduction can be offered one time only to second-year Master's students.
10. Double enrolment: you may make a double enrolment for a.y. 2023/24 (i.e., you first enrol in a Bachelor's degree programme and then you enrol in a Master's degree programme) and you may obtain the merit-based reduction upon enrolment in your Master's degree programme. If you withdraw from your Master's degree programme before 30th June 2024, your merit-based reduction will be revoked.
11. You cannot earn any merit-based tuition fee reduction if:
 - a) you have a part-time enrolment workload;
 - b) you have a university degree and enroll in a degree programme of the same level (i.e. you have a Bachelor's/Master's degree and you want to enrol in a Bachelor's/Master's degree programme);
 - c) you are enrolled in a programme with specific economic regulation.
 - d) you are recipient of scholarships and/or grants awarded by the University that have been declared non-cumulative with other financial benefits awarded by the University for the same academic year
12. If you withdraw from studies before the deadline for paying your second instalment, your merit-based tuition fee reduction cannot be higher than the comprehensive fee you actually paid.

Example of calculation

Bachelor's degree programme = B	
Merit obtained in 1 st year	Fee reduction in 2 nd year B
Merit obtained in 2 nd year	Fee reduction in 3 rd year B
Merit obtained in 3 rd year	Fee reduction in 1 st year M
Master's degree programme = M	
Merit obtained in 1 st year	Fee reduction in 2 nd year M

Article 34. Outgoing students: calculation of academic merit for the attribution of benefits referred to in Article 33 and 36

1. If you are an outgoing student participating in a mobility programme abroad or in a specific international educational path, some of the exams you took abroad may not be recorded by 10th August 2023. In this case Politecnico calculates your merit score for the attribution of the benefits referred to in Article 33 and 36 in accordance with the criteria mentioned in the next paragraphs. In any case, you can receive the above-mentioned student benefits only after you exams are recorded in your transcript.
2. If your mobility programme ends before 10th August 2023, your merit score is calculated on all validated exams.
3. If your mobility programme ends after 10th August 2023, your merit score is calculated proportionally to the credits you earned during your mobility programme.
 - a. The number of credits is calculated as follows: $(\text{total number of validated credits}) / (\text{total number of mobility days}) * (\text{number of days from the first mobility day to 10}^{\text{th}} \text{ August 2023})$.
4. For the calculation of the score for merit-based reduction (Article 33): credits calculated with the method illustrated under letter a) are assigned a grade corresponding to the average grade of all the exams taken during the mobility programme and recognized by Politecnico.

SECTION 2

Article 35. Tuition fees for students who meet the requirements of the 2017 Budget Law (Law no. 232 of 11th December 2016) as integrated by the following resolutions of the Board of Directors

1. In any case, you must pay the extra-Poli fees (regional tax, revenue stamp, insurance – these are called extra-Poli fees in the tables below). Your ISPE value (Indicatore della Situazione Patrimoniale Equivalente) is not is not relevant.
2. This payment scheme applies both to part-time and to full-time students (for part-time students Politecnico calculates the tuition fees according to the following Tables and Articles 4 and 6; the student will be charged the most favourable amount).
3. For the purposes of verifying if a student fulfils the requirements, one year of part-time enrolment is worth half year (0.5/year).

SECTION 3

Article 37. Tuition fee reduction

1. If you are enrolled in a Bachelor's degree programme or in a Master's degree programme, you can get a tuition fee reduction provided that you apply for it. You must submit your application for tuition fee reduction every academic year.
2. If you do not apply for tuition fee reduction, you must pay your tuition fees based on the highest contribution level (75).
3. You can apply for tuition fee reduction upon enrolment (see Article 43) or at a later stage. You must submit your application online from Segreteria online – Tuition fees and payments – Apply for tuition fee reduction (see Article 44). You need to have an ISEE declaration issued by INPS for "prestazioni per il diritto allo studio universitario" / *services for the right to university education in order to fill out your application* (no ISEE ordinario/standard ISEE and no ISEE socio sanitario/health and social ISEE are accepted).
4. If you are a non-EU citizen or an EU citizen with a family unit that does not generate income in Italy (or not totally in Italy), you must have the "Indicatore Sostitutivo dell'ISEE" (Substitute value for the ISEE indicator), called ISEE Parificato.
5. You can get a tuition fee reduction if your family's Equivalent Economic Situation Indicator (ISEE) does not exceed the limit of € 85.500,00 and if your family's Equivalent Property Situation Indicator (ISPE) does not exceed the limit of € 210.000,00*.
6. These indicators have the following acronyms:

ISEE Universitario ISEEU ISEEUP		≤ 85.500,00 €
ISPE ISPEU ISPEUP	<i>This value is calculated by dividing the ISP (Property Situation Indicator) by the Equivalence Scale</i>	≤ 210.000,00 €

*This indicator is not taken into account if you meet the requirements listed in section 2.

7. To apply for tuition fee reduction, you can use your ISEE Universitario based on a *Dichiarazione Sostitutiva Unica* (DSU) which must be valid at the date of your application.
8. To apply for tuition fee reduction, you can use your ISEE Parificato issued during the academic year for which you intend to request the reduction (see Articles 40, 43 and 44).

Article 38. Students who are not eligible for tuition fee reduction

1. You cannot apply for tuition fee reduction if you:
 - a) are enrolled in single courses;
 - b) are a non-Italian student enrolled at Politecnico within the framework of an agreement between Politecnico and your university of origin;
 - c) are enrolled in a Specializing Master's programme (*Master Universitario*).

Article 39. ISEE Universitario

You will have to fill out the DSU form and you will receive a copy of it. The authorized office will later send your DSU to INPS (*Istituto Nazionale di Previdenza Sociale* / National Institute for Social Security) for the calculation of your ISEE.
After you fill out your DSU form, you must apply for tuition fee reduction from your personal page of the Teaching Portal.
2. The ISEE declaration will be issued by INPS within 15 working days.

Article 40. ISEE Parificato (for non-Italian students)

1. If you are a non-EU citizen or an EU citizen with a family unit that does not generate income in Italy (or not totally in Italy), you must ask for the ISEE Parificato from a CAF (*Indicatore Sostitutivo dell'ISEE*/ Substitute value for the ISEE indicator).
2. If you are a non-EU citizen and if in your home Country a flat tax system is adopted, you can apply for tuition fee reduction using your ISEE Parificato. The tuition fee reduction will not in any case be lower than the minimum amount referred to in Article 5 (see Article 5 of this Guide for further information).
3. EDISU Piemonte will identify the CAFs that can issue the ISEE Parificato in Piemonte. The list of these CAFs will be published at: https://didattica.polito.it/tasse_riduzioni/.

Article 41. Independent students (for ISEE purposes)

1. You class as independent student if you simultaneously meet the following two requirements:
 - a) you have been living in a different house from that of your family of origin for at least two years at the moment of your application submission and the house you have been living in does not belong to your family;
 - b) you have been generating and declaring an income above € 9.000,00 deriving from an employment contract or likewise, for at least two years.
2. If you live in a different house from that of your family of origin, but you do not meet either one or both the above-mentioned requirements, you do not class as an independent student. In this case, you must refer to the financial and patrimonial condition of your family of origin.
3. Independent students are required to send a ticket (select the “Tuition fees” topic) before they apply for tuition fee reduction in order to verify if they actually meet the requirements mentioned in paragraph 1.

Article 42. How to apply for tuition fee reduction

1. You can apply for tuition fee reduction ONLY online, upon enrolment (see Article 43) or at a later stage. You must follow the guided procedure available on your personal page of the Teaching Portal / *Portale della Didattica* (as explained in Article 44).
2. Your application for tuition fee reduction is valid throughout a.y. 2023/2024 and can be modified only if you provide your “ISEE Corrente”. The deadline for providing your “ISEE Corrente” is March 31, 2024.
3. Politecnico reserves itself the right to check the values of your ISEE Universitario/Parificato. Should any errors or inconsistencies be found, you will be informed by e-mail only. You will receive this message in your PoliTo mailbox (s<matricola>@studenti.polito.it). In this case you will be required to provide the correct documentation within 15 days of the date of the e-mail notification you received. If you do not submit the required documents by the deadline, you will be irrevocably assigned the highest contribution level (level 75 in the present Guide) for the a.y in question.
4. If for any reason you cannot submit your application before the deadline, you are required to report your problem and send a ticket from your personal page (select the “Tuition fees” topic and the “ISEE declaration” subtopic).

Article 43. Applying for tuition fee reduction upon enrolment

1. You can apply for tuition fee reduction using your **ISEE Universitario**. The application can be submitted upon enrolment (when you first enrol at Politecnico or when you enrol for a new academic year). In this case, you will be asked to give your consent to allow Politecnico to query the INPS database to retrieve your data.

- a. **If you give your consent and a valid ISEE Universitario is retrieved from the INPS database, you will be assigned your final contribution level.**
 - i. If you are a first-year student, you are required to pay € 161.00 for the first instalment of your tuition fees.
 - ii. If you are a continuing student, you are required to pay the first instalment of your tuition fees according to your final contribution level.
- b. **If you give your consent but a valid ISEE Universitario is NOT retrieved from the INPS database, you will be assigned a provisional contribution level as follows:**
 - i. If you are a first-year student, you are provisionally assigned the highest contribution level and you are required to pay € 161.00 (first instalment).
 - ii. If you are a continuing student, you are provisionally assigned last year's contribution level and you are required to pay the first instalment of your tuition fees according to that provisional level.

The INPS database will be queried to retrieve your ISEE data until 31/12/2023 (or until 14/04/2024 for students indicated in the table under article 45.1).

- i. If a valid ISEE Universitario (issued before the above-mentioned deadline) is retrieved from the database, you will be assigned your final contribution level.
- ii. If no valid ISEE Universitario is retrieved, your provisional contribution level will be revoked before January 31, 2023 (you will receive an e-mail in your PoliTo mailbox: [s<matricola>@studenti.polito.it](mailto:<matricola>@studenti.polito.it)). In this case, you can apply for tuition fee reduction in second semester following the instructions illustrated in Article 44.1 and according to the deadlines of Article 45.

If you are a continuing student applying for a transfer or for a withdrawal from studies but you have not been assigned your final contribution level for a.y. 2023/2024 by the time you submit your application, your first instalment will correspond to the highest contribution level. If you pay a lower amount but you are eventually assigned to a higher contribution level, you are required to pay the difference between the provisional level and the final level when you leave Politecnico.

- c. **If you do NOT give your consent, you will be assigned the highest contribution level.**
 - i. If you are a first-year student, you are required to pay € 161.00 for the first instalment of your tuition fees.
 - ii. If you are a continuing student, you are required to pay the first instalment of your tuition fees according to the highest contribution level.

You can still apply for tuition fee reduction at a later stage in accordance with the instructions of Article 44.1 and the deadlines of Article 45. If you do not submit any application for tuition fee reduction, you will be irrevocably assigned the highest contribution level.

2. If you apply for tuition fee reduction using your **ISEE Parificato**, you have the following options:
 - a. If you are a continuing student (enrolling in year 2 or beyond) you can apply for tuition fee reduction upon enrolment by confirming the economic data you declared in previous academic years.
 - i. **If you confirm your previous economic data**, your final contribution level will correspond to last year's level. You are required to pay the first instalment of your tuition fees accordingly.
 - ii. **If you do NOT confirm your previous economic data**, your contribution level will be the highest one and you will have to pay the first instalment of your tuition fees accordingly. You can still apply for tuition fee reduction at a later stage in accordance with the instructions of Article 44.2 and the deadlines of Article 45.
 - b. If you are a first-year student (first-year enrolment in any degree programme) or if you are moving from Bachelor's level to Master's level, you are required to pay €

161.00 for the first instalment of your tuition fees. You can apply for tuition fee reduction at a later stage in accordance with the instructions of Article 44.2 and the deadlines of Article 45.
